DataVista

## STOP Overpaying for NetApp OEM Maintenance Contracts

Data Vista will Extend the life of your NetApp storage hardware for significantly less versus the OEM list price.

Data Vista is a leader in NetApp post-warranty maintenance services

Data Vista supports NetApp equipment under customizable service levels designed for your requirements. There are no penalties for adding or deleting equipment on your contract so you can adjust your NetApp support levels penalty-free anytime.

WHY DataVista ...

Since 1994, our experienced Engineers have been providing expert support, including NetApp Storage products.

- ✓ Assist in evaluating your hardware products' lifecycle
- ✓ Make unbiased recommendations for OEM Vs. Third-party support
- ✓ Address all Data "On Tap" issues
- ✓ Provide 24x7 Expert Service
- ✓ Tested Spare Parts — Always in stock
- ✓ Coverage for EOSL and Post-Warranty NetApp Hardware
- ✓ Re-purposing of retired inventory to help reduce maintenance cost
- ✓ Full ITAD capabilities and Secure Data Destruction of older equipment

EXPERT SERVICE - IN STOCK SPARE PARTS - REAL TIME LOGISTIC

Data Vista has solved the problem of rising OEM costs of maintaining your End of Service Life NetApp storage equipment.

A storage support contract with Data Vista allows you to keep using equipment for as long as it continues to deliver the service your business needs, allowing you to repurpose funds for other strategic projects.

Data Vista NetApp third-party storage support service covers equipment that is nearing or has reached the manufacturer's End of Life, delivering a continuous return on investment for many years beyond EOL to better plan your next NetApp upgrade.

Data Vista maintains an extensive inventory of spares for your legacy NetApp systems. We have the part you need at prices that help you stretch your support budget. From cables and memory to drives and head units, every component in our stock is tested.

NetApp direct support is becoming more limited... and more expensive...

Data Vista also supports other Storage manufacturers and their products.

HPE, Hitachi, IBM, NetApp, Oracle, DellEMC, Fujitsu

Call **800-797-3527** or email **sales@datavista.com** today for *details and pricing* for *Flexible Maintenance Strategies* for these storage units.

EXPERT SERVICE + IN STOCK SPARE PARTS + REAL TIME LOGISTIC = DataVista COST $AVINGS
